Certificate of Completion

This is to certify that **Siri P O**, a student of Vidyavardhaka College of Engineering (VVCE), has successfully completed the “*React Programming*” training conducted by **Incture Technologies** from 20th April to 14th May 2026, under the Industry and Academia Outreach Initiative.

The training covered essential front-end development concepts including component-based architecture, HTML, CSS, JavaScript, state management, hooks, and building responsive React applications.

This program was designed to bridge the industry-academia gap and strengthen student proficiency in modern JavaScript frameworks, empowering them to be industry-ready with hands-on, up-to-date development skills.

We appreciate their active participation and commend their commitment to continuous learning.

Authorized Signatory

Hanumantrao Kulkarni
